VR EDUCATION CONSULTANCY

Your career is our goal

About VREC

VR Education Consultancy is focused on ensuring the business delivers a consistent level of quality to its customers by having well-defined and regularly reviewed processes and procedures. With a Global footprint that currently spans 6 countries and continually growing. Founded by industry veterans who knew first-hand from their own experience, the challenges international students faced in Abroad, our motto is always been ethical counseling. Headquartered in Hyderabad, we take pride in our commitment to helping our clients actualize their foreign education dreams with ethical, unbiased and honest guidance.

Overview

Top universities and schools globally have entrusted us as representatives and we help students find their dream education in **Central America, China, Georgia, Philippines, Ukraine and Kyrgyzstan** by guiding them in each step of their way from course options, fees, scholarships, credits, application process, visa grants, arrival and ongoing support making their foreign education journey as seamless as possible.

Vision

To open the doors of a world of opportunities to our students. We want to help students realize their dreams of becoming a successful professional, a successful doctor by assisting them in securing admission in the top most and best Universities which matches their aspirations and budget.

MBBS in Abroad- What all to keep in mind?

Cost

The first and foremost decision point before deciding if or where to study MBBS in abroad is cost or expense. If you want to study at low cost and want good quality education, then the best country for studying MBBS is to choose from Central America, China, Georgia, Philippines, Ukraine and Kyrgyzstan. Indian students have traditionally chosen these countries.

MCI Recognition/ Affiliation

A very important factor to consider while deciding the country is whether the college you choose is recognized by the Medical Council of India (MCI) or not. The reason is that you can appear for MCI screening test only if the MBBS degree you get is from a college recognized by the MCI

Quality of Education

The colleges that we would tell you to take admission in will be recognized by MCI and World Health Organization (WHO).

Hostel & Food

A big factor to consider before deciding where to do your MBBS from is the availability of neat, clean and comfortable accommodation along with the availability of Indian food- both vegetarian & non-vegetarian.

Time Duration

While this might not seem like a factor to consider but it directly affects how much your total cost is. Here is a table showing the number of years it takes to complete the medical degree from different countries.

| Country | Philippines | Central America | Ukraine | Georgia | Kyrgyzstan | China |
|---------------------------|-------------|-----------------|---------|---------|------------|-------|
| Duration of Course(Years) | 5 1/2 yrs | 4 - 5 yrs | 6 yrs | 6 yrs | 6 yrs | 5 yrs |

Safety

Regardless to say, it is a high-priority decision point for the students and their family's perspective. It is safe for students to study MBBS in countries like the Philippines, China, Russia. Mostly, big consultants like us have offices in the foreign countries. The students can reach out to these offices in case they face any problem.

Eligibility Criteria

The Indian student must have attained the age of 17 years and has passed 10+2 Level from any recognized Council/Board of India or abroad. He/She must have studied Physics, Chemistry, and Biology as elective subjects and obtained minimum 50% in aggregate of PCB combined.

Why Philippines Is Better For Medical Education?

Philippines is rising as one of the top places for providing high quality medical education, at par with the degrees awarded by the universities of the U.S.A and the U.K. Students get the degree of Doctor of Medicine (M.D.) which is equivalent to that of the M.B.B.S of any university in the U.S.A or the U.K.

Benefits of Studying In Philippines

- Medium of instruction - English
- All universities are approved by WHO & MCI
- India-like climatic conditions make it easy for students to adjust
- Philippines is considered one's entry path to Canada, U.S.A. and the U.K.
- Cost of living is low
- Low tuition fees

List of Universities in Philippines

- University of Perpetual Help System Dalta
- Emilio Aguinaldo College of Medicine
- Davao Medical School of Foundation
- AMA School of Medicine
